Kamlesh Patel

React Full Stack Web Developer

About Me

I was enrolled in B. Tech Mechanical Engineering Program at MNNIT Allahabad in session 2018-2022. Later I found myself inclined toward learning new computer related technologies and skills by myself. That led to me quitting the enrolled program in February 2021.

Secondary School   87.83%
Sarvjanik Inter College
07/2013 - 06/2015

Experience

Fresher

Project   portfolio

Along with regular HTML CSS JavaScript based projects my portfolio project consists of several Full-Stack MERN projects.
 Material UI components have been also used in
=> clients to server to database to web => based digital Stack.
For full detail of each project, please go to my portfolio. All Projects are live and the source code is associated with each.

Achievement

- I have been a scholar from 2018-2021 at the Foundation For Excellence(FFE).
- I have qualified GATE Exam in 2021.
